Next.js

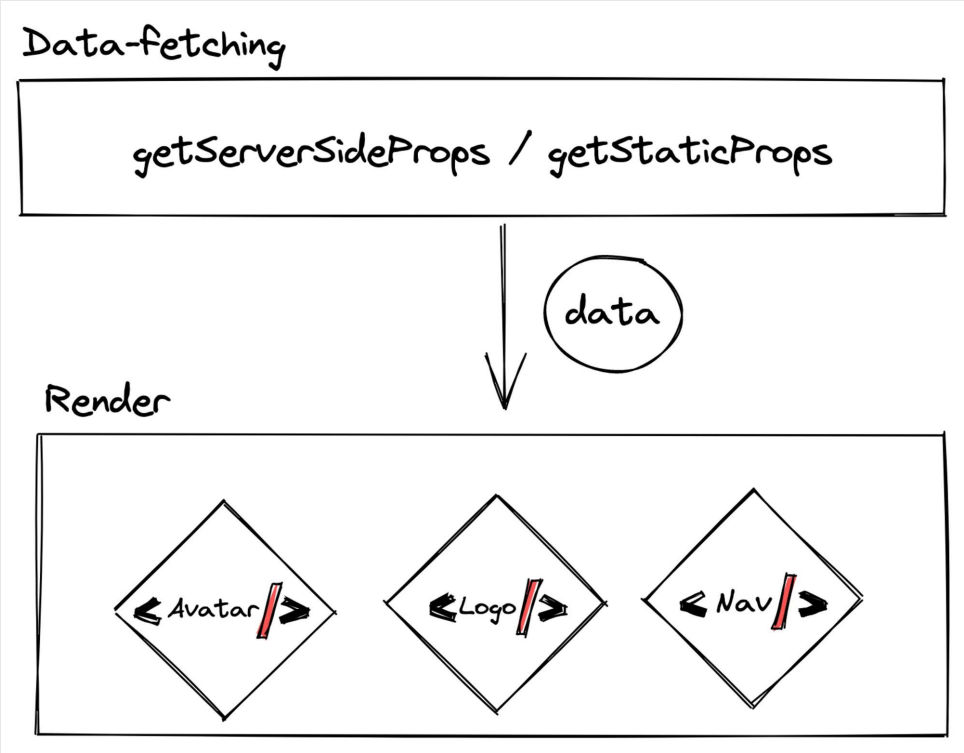
The new “App” folder & nested layouts

Omar Khatib

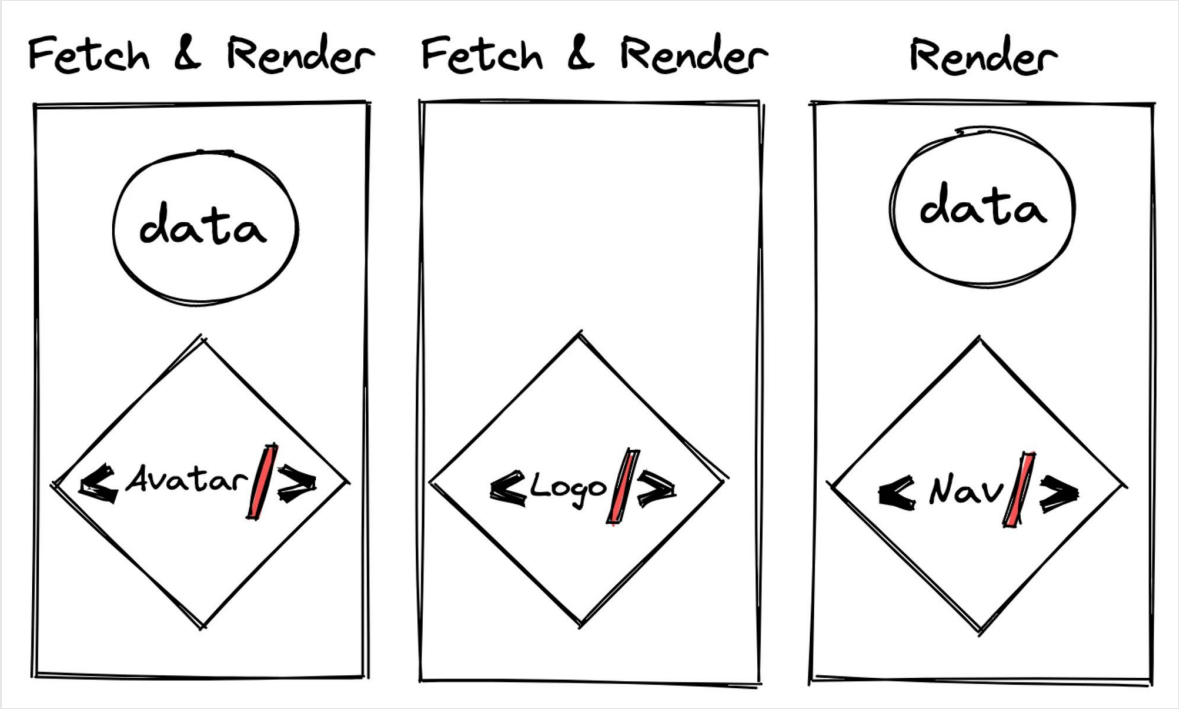
🔗omarkhatibco

I’m a senior software engineer at Tourlane GmbH, focused on the frontend technologies such as React & Next.js. I love DX and care about developer happiness. I used to work with MediaMarktSaturn, Volkswagen & MAN in the past.

How Next.js works now?



How Next.js 13 work?



The Demo

On how to use the “App” folder and the server/client component inside it.

NEXT.JS 13

Starting at $1299
